CURRENT
POSITION

October 2025 – ongoing

Associate professor in Statistics (STAT-01/A)
Department of Economics, Business, Mathematics and Statistics *Bruno de Finetti*
University of Trieste - Trieste, Italy

ACADEMIC
QUALIFICATION

May 2022

National Academic Qualification (ASN) as Associate Professor for the SSD SECS-S/01.

PREVIOUS
ACADEMIC
POSITIONS

October 2023 – 2025

Senior Assistant professor (RTD-b) in Statistics (STAT-01/A)
Department of Economics, Business, Mathematics and Statistics *Bruno de Finetti*
University of Trieste - Trieste, Italy

October 2020 – September 2023

Assistant professor (RTD-a) in Statistics, SECS-S/01
Department of Economics, Business, Mathematics and Statistics *Bruno de Finetti*
University of Trieste - Trieste, Italy

March 2019 – September 2020

Adjunct Professor (Statistical Methods for Data Science, Bayesian Statistics)
Department of Mathematics and Earth Sciences
University of Trieste - Trieste, Italy

March 2018 – February 2020

Postdoctoral research fellow (Statistics, SECS-S/01)

Department of Economics, Business, Mathematics and Statistics *Bruno de Finetti*
University of Trieste - Trieste, Italy

November 2014 – November 2017

Ph.D. candidate (XXX cycle)
Department of Statistical Sciences
University of Padua - Padova, Italy

ACADEMIC
DEGREES

29 March 2018

PH.D. IN STATISTICAL SCIENCES
Thesis "Developments in Bayesian Hierarchical Models and Prior Specification with Application to Analysis of Soccer Data", Department of Statistical Sciences, University of Padova (Italy).
Supervisor: Prof. Nicola Torelli (UNITS); Co-supervisor: Prof. Francesco Pauli (UNITS).

24 March 2014

MASTER IN STATISTICAL AND ACTUARIAL SCIENCES (110/110 cum laude)
Thesis "A Comparison Between Bayesian Hierarchical Models for the Meta-Analysis of Data from Pre-Electoral Polls"
Dipartimento di Scienze Economiche, Aziendali, Matematiche e Statistiche "Bruno de Finetti" (DEAMS)
Università degli Studi di Trieste, Trieste (Italy)
Supervisor: Prof. Nicola Torelli. Co-supervisor: Francesco Pauli.

14 July 2011

BACHELOR IN STATISTICS AND INFORMATICS FOR THE INDUSTRY, THE FINANCE AND THE INSURANCE (106/110)
Thesis "Considerazioni sul principio di arbitraggio"
Dipartimento di Scienze Economiche, Aziendali, Matematiche e Statistiche "Bruno de Finetti" (DEAMS)
Università degli Studi di Trieste, Trieste (Italy)
Supervisor: Prof. Marco Zecchin.

RESEARCH
PERIODS ABORAD

8 December– 21 December 2021

VISITING SCIENTIST
Department of Statistics, Columbia University, New York, USA
Supervisor: Prof. Andrew Gelman.

January 2016 – July 2016

VISITING SCHOLAR
Department of Statistics, Columbia University, New York, USA
Supervisor: Prof. Andrew Gelman.

AFFILIATIONS   - Member of the Italian Statistical Society (SIS).

- Member of the International Society for Bayesian Analysis).
- Member of the International Statistical Institute.
- Elected member in the board of the Young group of the Italian Statistical Society (y-SIS) (2019-2020)
- Elected member in the board of the Statistics and Data Science (2023)
- Elected member in the board of the SISBayes (2024)
- Deputy chair of the ISI Special Interest Group On Sports Statistics
- External collaborator of AUEB Sports Analytics Group (University of Athens).

BOARDS AND COMMISSIONS

- Member of the board of the ADSAI PhD program, Department of Mathematics and Earth sciences, University of Trieste.
- Member of the DEAMS research commission, from academic year: 2021/2022.

SCIENTIFIC DISSEMINATION

Occasional blogger for the statistical blog *Statistical Modelling, Causal Inference, and Social Science*, authored by prof. Andrew Gelman (Columbia University).

Participation in 13 tips of *I numeri della pandemia*, broadcast on SkyTG 24 from August 2021 to February 2022 as a statistical expert on issues related to the Covid-19 outbreak.

Participation in 2 episodes of *Il Circolo dei Mondiali*, broadcast on RaiPlay on 6 and 9 December 2022, as a statistical expert on football-related issues.

Trieste Next 2019: organization and moderator of the meeting *Big Data and sport analytics. The use of statistical data in sport* on statistics and sport, 27 September 2019, with Dario Costa, Paola Zuccolotto (UniBS) and Nicola Torelli (UniTS).

Trieste Next 2020: participation in an information meeting on the covid-19 pandemic as a statistical expert on the subject.

Series of interviews on topics related to Covid-19 outbreak and sports statistics for the following publications: RAI Fvg, Il Piccolo, Il Corriere della Sera (Veneto edition), Il Gazzettino, Telequattro.

FUNDINGS

Bando PRIN 2022 funded by the Italian Ministry of University and Research as Principal Investigator (PI), decreto n. 764 del 05/06/2023. Project title: *Statistical Models and AlgoRiThms in sports (SMARTsports). Applications in professional and amateur contexts, with able-bodied and disabled athletes.* Funding amount: 254,697 euro. Project's code: J53D23003860006. Project's length: October 2023-September 2025.

TEACHING

A. Curricular courses
STATISTICAL METHODS FOR DATA SCIENCES
Labs and exercises with R: 12 h
Master degree in *Data Science and Scientific Computing*
University of Trieste
A. Y.: 2017-2018; 2018-2019.

STATISTICAL METHODS FOR DATA SCIENCES

Frontal lectures: 16 h
Master degree in *Data Science and Scientific Computing*
University of Trieste
A. Y.: 2019-2020; 2020-2021; 2021-2022.

BAYESIAN STATISTICS
Frontal lectures: 32 h
Master degree in *Data Science and Scientific Computing* and *Actuarial and Statistical Sciences*
University of Trieste
A. Y.: 2018-2019; 2019-2020; 2020-2021; 2021-2022; 2022-2023; 2023-2024; 2024-2025; 2025-2026.

STATISTICA (CORSO PROGREDITO)
Frontal lectures: 30 h
Master degree in *Actuarial and Statistical Sciences*
University of Trieste
A. Y.: 2021-2022; 2022-2023; 2023-2024; 2024-2025; 2025-2026.

APPRENDIMENTO STATISTICO E MACHINE LEARNING
Frontal lectures: 30 h
Master degree in *Actuarial and Statistical Sciences*
University of Trieste
A. Y.: 2022-2023; 2023-2024; 2024-2025; 2025-2026

ADVANCED STATISTICAL METHODS
Frontal lectures: 24 h
Master degree in *Data Science and Scientific Computing*
University of Trieste
A. Y.: 2023-2024; 2024-2025; 2025-2026.

STATISTICA
Frontal lecture: 8 h
Specialized school in *Igiene e Medicina Preventiva*
Azienda sanitaria universitaria Giuliano Isontina (ASU GI)
A. Y.: 2022-2023; 2023-2024; 2024-2025; 2025-2026.

B. PhD Courses
GLMM - BAYESIAN INFERENCE WITH STAN
Frontal lectures + labs: 5 hours
PhD school in *Statistical Sciences*, University of Padova.
A.Y.: 2018-2019.

GLMM - BAYESIAN INFERENCE WITH STAN
Frontal lectures + labs, 12 hours
PhD school in *Statistical Sciences*, University of Padova.
A. Y.: 2019-2020.

GLMM - GENERALIZED LINEAR MIXED MODELS

Frontal lectures, 15 hours
PhD school in *Statistical Sciences*, University of Padova.
A. Y.: 2020-2021.

REVIEW OF STATISTICAL MODELLING
Frontal lectures: 8 hours
PhD in *Artificial Intelligence and Applied Data Science*, University of Trieste. A.Y.: 2022-2023; 2023-2024; 2024-2025; 2025-2026.

ADVANCED TOPICS IN STATISTICAL MODELLING
Frontal lectures: 8 hours
PhD in *Artificial Intelligence and Applied Data Science*, University of Trieste. A.Y.: 2022-2023; 2023-2024; 2024-2025; 2025-2026.

C. Extra-curricular

27 September – 29 September 2017

INTRODUCTION TO BAYESIAN DATA ANALYSIS WITH STAN
Frontal lectures+labs, 21 hours (with Jonah Sol Gabry, Research Fellow at Columbia University)
Joint Research Center (JRC), Sevilla.

11 December – 13 December 2017

INFERENZA STATISTICA BAYESIANA: PRINCIPI, METODI E APPLICAZIONI
Frontal lectures+labs, 13 hours
ARPA (Agenzia regionale per la protezione dell'ambiente) Friuli-Venezia Giulia, sede di Palmanova.

18 July – 20 July 2018

R COURSE FOR SWG
Frontal lectures+labs (with Francesco Pauli and Roberta Pappadà, University of Trieste)
Department of Business, Economics, Mathematics and Satistics, University of Trieste

10 September – 14 September 2018

INTRODUCTION TO BAYESIAN DATA ANALYSIS WITH STAN
Frontal lectures+labs (with Jonah Sol Gabry, Research Fellow at Columbia University)
Introduction to Bayesian Data Analysis with Stan
Department of Brain and Behavioral Sciences, University of Pavia

24 October – 26 October 2018

R: AN ENVIRONMENT FOR STATISTICAL MODELLING AND GRAPHICS
Frontal lectures+labs (with Nicola Torelli and Giovanni Millo, professors at University of Trieste)
Assicurazioni Generali

30 September – 4 October 2019

INTRODUCTION TO BAYESIAN DATA ANALYSIS WITH STAN
Frontal lectures+labs, 36 hours (with Gioia Di Credico, postdoctoral Research Fellow at University of Trieste)
Department of Brain and Behavioral Sciences, University of Pavia

January 2019

R COURSE FOR SWG II
Frontal lectures+labs (with Francesco Pauli and Roberta Pappadà, University of Trieste)
Department of Business, Economics, Mathematics and Satistics, University of Trieste

June 2020, March 2021, June 2022

ACTUARY OF THE FUTURE
Frontal lectures and labs, 48 hours (with Nicola Torelli and Giovanni Millo)
Assicurazioni Generali

26 May – 28 May 2021

SHORT COURSE ON FOOTBALL ANALYTICS
Frontal virtual lecture, 3 hours (with Ioannis Ntzoufras and Dimitris Karlis, Athens University of Economics and Business)
Athens University of Economics and Business, Department of Statistics

25 November 2021

TECNICHE DI APPRENDIMENTO AUTOMATICO (MACHINE LEARNING) PER APPLICAZIONI ATTUARIALI
Virtual lecture, 4 hours
IVASS (Istituto per la vigilanza delle assicurazioni)

28 September 2021

MACHINE LEARNING IN AMBITO ASSICURATIVO
Virtual webinar, 4 hours
Generali Italia

17 July 2022

IWSM 2022 SHORT COURSE ON STATISTICAL MODELLING OF FOOTBALL DATA
Frontal lecture, 3 hours (with Ioannis Ntzoufras, Athens University of Economics and Business)
University of Trieste

December 2021, 2022, 2024

STATISTICA COMPUTAZIONALE PROGREDITO
Frontal lectures 3 h (invited by Nicola Sartori, UniPD)
University of Padova.

PhD
SUPERVISOR
Edoardo Insaghi, PhD in *Artificial Intelligence and Applied Data Science* (ADSAI), Università degli Studi di Trieste, XLI cycle, 2025-2028. Co-supervisor: Giulio Caravagna.

Davide Zennaro, PhD in *Artificial Intelligence and Applied Data Science* (ADSAI), Università degli Studi di Trieste, XLI cycle, 2025-2028. Co-supervisor: Alberto d'Onofrio.

Badar ud din Taher, PhD in *Artificial Intelligence and Applied Data Science* (ADSAI), Università degli Studi di Trieste, XL cycle, 2024-2027.

Giovanni Santacatterina, PhD in *Artificial Intelligence and Applied Data Science* (ADSAI), Università degli Studi di Trieste, XXXVIII cycle, 2022-2025. Co-supervisor: Giulio Caravagna.

Roberto Macrì Demartino, PhD in Statistical Sciences, Università degli Studi di Padova, XXXVII cycle, 2021-2024. Co-supervisor: Nicola Torelli.

<table>
<tr><td>AWARDS AND
SCHOLARSHIPS</td><td>Doctoral Scholarship (2014–2017) granted by University of Padua - Padova (Italy).

Winner of the MUR 'Leonardo Da Vinci' call (2020), funded by the Ministry of University and Research for a research period in a foreign research institution.

Prize "Giovani studiosi e studiose per contributi alle discipline statistiche", from the Italian Statistical Society (honorable mention).</td></tr>

CHAIR AND SESSION ORGANIZER	- SIS 2019, title of the session: Statistics in Sports - SIS 2020, title of the session: How deep is your plot? Young SIS and deep statistical learning. - Thematic day on Covid-19, satellite event of SIS 2021. - COMPSTAT 2022, title of the session: *Sports Statistics.* - SDS 2025 - Session *Bayesian Data Science* - IES 2025 - Session *Statistics and Data Science for Sistainable Science* - SIS 2025 - Session *Innovation in Sport Data Science* - SISBayes 2025 - Session *Prior elicitation for complex problems*
ORGANIZING AND SCIENTIFIC COMMITTEE	- StaTalk 2019 (University of Trieste) - International Workshop on Statistical Modelling (IWSM) 2022 (University of Trieste) - SIS 2021 - SDS 2024 - SDS 2025 - SISBayes 2025
THESIS SUPERVISOR OR CO-SUPERVISOR	Mitja Briscik. Thesis title: *Modelli statistici per la previsione dei risultati calcistici: un' applicazione alla Uefa Champion's League* (Bachelor Thesis in Statistica e Informatica per l'azienda, la finanza e l'assicurazione. University of Trieste, Academic year: 2018-2019). Giuseppe Sassano. Thesis Title: *Modelli statistici per la previsione di risultati nel calcio: i tiri in porta come veicolo di informazioni rilevanti* (Master Thesis in Scienze Statistiche, University of Padova, Academic year: 2018-2019). Anna Scussolin. Thesis Title: *Un' applicazione dei modelli gerarchici alla valutazione dell' assicurabilità nelle linee di credito* (Master Thesis in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2018-2019). Francesco Guglielmo. Thesis title: *Modelli statistici per l'analisi dei dati sull'epidemia di Sars-CoV-2 in Italia* (Master thesis in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2019/2020). Federico Spatola. Thesis title: *Statistical models for analysing SARS-CoV-2 epidemics in Italy* (Master thesis in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2019/2020). Cesare Farina Busetto. Thesis Title: *Sviluppo e comparazione di modelli statistici per la previsione di risultati calcistici* (Master Thesis in Scienze Statistiche, University of Padova. Academic year: 2019-2020). Niccolò Rossi. Thesis title: *Expected Goals in Football: Development of Statistical Learning models with application to Matches Results* (Master thesis in Data Science and Scientific Computing, University of Trieste. Academic year: 2019-2020). Laura Balasso. Thesis title: *A Bayesian Approach For The Estimation Of Covid-19 Effective Reproduction Number: An Application To Italian Regions* (Master thesis in Data Science and Scientific Computing, University of Trieste. Academic year: 2019-2020). Lorenzo Fresco. Thesis title: *A statistical learning approach for cross contextual time-series forecasting* (Master thesis in Data Science and Scientific Computing, University of

Trieste. Academic year: 2019-2020).

Vincenzo Digiaro. Thesis title: *Modelli statistici per la previsione dei riscatti in un prodotto vita* (Master thesis in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2019/2020).

Giacomo Coslevaz. Thesis title: *Statistical and Machine Learning models in football match prediction* (Master thesis in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2020/2021).

Andrea Scapini. Thesis title: *Reti neurali applicate alla previsione di risultati calcistici.* (Master in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2021/2022).

Alexa Pasquale. Thesis title: *Metodi statistici Bayesiani per l'incorporazione dell'informazione storica nell'ambito di studi clinici.* (Master in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2021/2022).

Mattia Sclabas. Thesis title: *Un confronto tra modelli statistici classici e bayesiani per la previsione del voto elettorale in Italia* (Master in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2021/2022.

Giancluca Iacubino. Thesis title: *Modelli statistici di previsione in ambito calcistico: un approccio result-based mediante tecniche di apprendimento automatico* (Master in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2021/2022).

Giulio Fantuzzi. Thesis title: *Modelli statistici per la previsione di risultati calcistici: implementazione in R del modello Dixon–Coles ed applicazioni al campionato di Serie A 2021-2022* (Bachelor degree in Statistica e Informatica per l'Azienda, la Finanza e l'Assicurazione, University of Trieste. Academic year: 2022/2023).

Marco Pasetti. Thesis title: *L'utilizzo della telematica in ambito assicurativo: tecniche tradizionali e di machine learning per la tariffazione RC Auto* (Master in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2022/2023).

Lorenzo Turrini. Thesis title: *Approcci statistici al cambiamento climatico: studio della letteratura e alcuni modelli preliminari* (Master in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2022/2023).

Marco Davide Ceruti. Thesis title: *Analisi dei dati calcistici: un confronto tra modelli statistici classici e con inflazione di pareggi* (Master in Scienze Statistiche e Attuariali, University of Trieste. Academic year: 2022/2023).

Mauro Mariotto. Thesis title: *Modelli previsionali per churn analysis* (MSc in Scienze statistiche e attuariali, University of Trieste, A.Y. 2022-2023).

Aurora Michelin. Thesis title: *L'emissione di anidride carbonica in ambito aziendale e il conseguente impatto sul riscaldamento globale: modelli statistici e studio della letteratura.* (MSc in Scienze statistiche e attuariali, University of Trieste, Academic year: 2023-2024)

Nico Zanusso. Thesis title: Assessing Implicit Inflation: an Individual-level Data Approach (MSc in Scienze statistiche e attuariali, University of Trieste, Academic year: 2023-2024).

Francesca Galuppo. Thsis title: Impatto dell'utilizzo della telematica nella tariffazione RC Auto mediante tecniche di machine learning e metodi statistici (MSc in Scienze statistiche e attuariali, University of Trieste, Academic year: 2023-2024).

Nicola Maneo. Thesis title: Analisi sulla Previsione dei Risultati nel Tennis: Un Modello Basato sulla Distribuzione di Skellam (MSc in Scienze statistiche e attuariali, University of Trieste, Academic year: 2023-2024).

Ruben Viduli. Thesis title: Variational inference algorithms: from simulation to an actuarial science application (MSc in Scienze statistiche e attuariali, University of Trieste, Academic year: 2024-2025).

Erik De Luca. Thesis title: Modellazione statistica delle donazioni di sangue nella provincia di Trieste (MSc in Scienze statistiche e attuariali, University of Trieste, Academic year: 2024-2025).
